

Dear Parents & Carers

We're really excited to welcome you back to the Trilogy Holiday Playscheme (*formally Funzone*) and can't wait to see you. Things might look a little different but we're confident that our playscheme will be as fun and action packed as ever, whilst taking appropriate measures to keep everybody safe.

Consideration as to how we operate has been taken very seriously and the Government guidance has been followed to ensure safety and compliance for all. As we begin a phased opening of our leisure centres the Trilogy Holiday Playscheme will initially open at Duston Sports Centre.

We have set out some guidance and expectations below.

Due to Covid-19 we are following strict guidelines from the Government and governing bodies to keep everyone as safe as possible. Therefore it is important that if your child is unwell or anyone within your household is displaying COVID-19 related symptoms it is essential that you do not attend the Playscheme and self-isolate.

In addition, if anyone within your household has been advised by NHS Test & Trace as 'a close contact' you must isolate at home for 14 days.

If your child starts to display COVID-19 related symptoms whilst attending the playscheme you will be required to come and collect your child immediately.

Key measures:

To minimise the risk of infection we are only taking week bookings with a maximum of 15 children which will create a 'bubble'. This minimises the mixing of groups and keeps the group consistent. We will also keep our staffing as consistent as possible as well as make changes to how we operate to allow for social distancing between children.

Consistent groups reduce the risk of transmission by limiting the number of pupils and staff in contact with each other to only those within the group. They have been used in schools in the summer term in recognition that children, and especially the youngest children, cannot socially distance from staff or from each other and this provides an additional protective measure. Maintaining distinct groups or 'bubbles' that do not mix makes it quicker and easier in the event of a positive case to identify those who may need to self-isolate, and keep that number as small as possible.

For further guidance on how we are protecting our customers and our staff please visit our website where you can find our updated Safe Environment Plan.

Collection and drop-off

We request that only 1 adult drops off their child in the morning and then collects their child at the end of the day.

It is particularly important during the coronavirus (COVID-19) outbreak that we have your most up-to-date contact details in case of an emergency, such as your child falling ill with coronavirus (COVID-19) symptoms while attending the setting. You will therefore be expected to complete an admission form either when you arrive, or prior to your child's first day by downloading a form from our Trilogy Holiday Playscheme webpage at www.trilogyleisure.co.uk.

Please be patient on arrival as we will need to allow for all customers to complete a form whilst maintaining social distancing.

Registration will take place in the CoffeeBox which is located to the left of the building as you approach the main entrance. On arrival please enter the CoffeeBox by the fire exit to the left of the building as you approach. Signage will be visible as you approach the entrance to the building highlighting the way. A member of our team will greet you and help complete the signing in process. We respectfully ask that you please adhere to social distancing.

On arrival children will be asked to use the hand sanitiser provided. The washing of hands will be completed at regular intervals throughout the day.

Children will then be expected to choose a seat at a table and take part in an activity until all children have arrived.

At the end of the day between 5:00-5:30pm children will have all their belongings with them ready to go making the collection procedure as quick straightforward as possible. Please again approach the CoffeeBox via the fire exit to the left of the building.

If you arrive before the 5pm signing out period please call the Playscheme Manager on 07871 066036 who will identify where they are in the building and detail the appropriate collection procedure.

Please also be aware that we operate a password system whereby we will request a password unique to you each time you collect your child. This will be arranged with you on the morning of your child's first day. Please make sure that any other individual authorised to collect your child is aware of the password.

What to bring – Checklist:

Children must not bring rucksacks to the setting, only a small carrier bag with your child's name on it is allowed.

- Your child must bring their own water bottle and food (packed lunch/healthy snack). This must be in a hard plastic container and it will be sanitised on arrival by a member of staff.
- Children cannot bring their own toys with them. We will however allow a handheld tablet or games console which can only be used by the owner and games must be age appropriate.
- Inhalers/Epi pens if applicable.
- Please remember mobile phones are not allowed in the setting.

Activities - Contact with individuals will be minimised.

- Staff and children attending will wash their hands more often than usual, this includes on arrival, before and after activities and before and after using toilet/washroom facilities
- Equipment such as sports kit and craft resources will be cleaned regularly including at the beginning and the end of each day.
- Trilogy Holiday Playscheme will ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
- Frequently touched surfaces will be cleaned more often than usual using standard products, such as detergent or antibacterial spray/cloths
- There will be an increased frequency of cleaning of toilets and washrooms
- Where possible we will make extensive use of the large secure outdoor space available at Duston Sports Centre. This will allow for greater social distancing and better ventilation.

If your child becomes unwell with a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia), they must stay at home and you should follow the [COVID-19: guidance for households with possible coronavirus \(COVID-19\) infection guidance](#).

If your child becomes unwell while at a setting, a member of our team will call you immediately to come and collect them. While your child is awaiting collection they will be kept separately from others by a distance of at least 2 metres. When you collect your child you should take them straight home; do not visit the GP, pharmacy, urgent care centre or a hospital. In an emergency, call 999 if they are seriously ill or injured or their life is at risk.

Your child should then self-isolate for 10 days and you should arrange a test for them as soon as possible to see if they have coronavirus (COVID-19). You can do this by visiting [NHS.UK](#) or contact NHS 119 via telephone if you do not have internet access. You and other fellow household members should also self-isolate.

If your child tests negative, they can usually return to the setting and the fellow household members can end their self-isolation subject to confirmation from local health protection professionals.

If your child tests negative but is unwell, they should not return to the setting until they are recovered.

If your child tests positive, NHS Test and Trace will speak directly to those that have been in contact with your child to offer advice. This advice may be that the rest of the group within our setting should be sent home and advised to self-isolate for 14 days. Household members should always self-isolate at home.

We look forward to seeing you!

The Trilogy Holiday Playscheme Team
